VOL. XI.

SEQUACHEE, TENN., THURSDAY, NOVEMBER 19, 1903.

NO. 17.

TO INVESTIGATE COAL MEASURES

On Property of Sequachee
Valley Coal & Iron Co.

WEST VIRGINIA PARTIES ARE INTERESTED

Trade Has Been Made for the
Coal Lands, but Close In-
vestigation will Be
Made First.

Messrs. A. Grant Davis and J. O. Pace, of Parkersburg, West Va., are here inspecting the coal lands of the defunct Sequachee Valley Coal & Iron Co., now owned by Albert Wallace, Rochester, N. H., with a view to purchase.

A bargain has been made for these lands provided coal can be found upon them, and it is the purpose of Messrs. Davis and Pace to thoroughly investigate this point and assure themselves that coal in marketable quantities can be mined here before purchasing the property. They have brought mining tools and supplies, and propose a careful and systematic investigation.

Mr. Davis has had much experience in this work and has a strong backing of capitalists, who are interested with him. Mr. Pace is well acquainted with coal and coal mining, being an expert miner.

NOTICE.

I will be at Sequachee on Friday of each week, and can be found at Hotel Marion. Those desiring first-class dental work, should wait for me.

The Best Remedy for Croup.

(From the Atkinson, Kans., Daily Globe.)

This is the season when the woman who knows the best remedies for croup is in demand in every neighborhood. One of the most terrible things in the world is to be awakened in the middle of the night by a whoop from one of the children. The croup remedies are almost as sure to be lost, in case of croup, as a revolver is sure to be lost in case of burglars. There used to be an old-fashioned remedy for croup, known as hive syrup and tulu, but some modern mothers say that Chamberlain's Cough Remedy is better, and does not cost so much. It causes the patient to "throw up the phlegm" quicker, and gives relief in a shorter time. Give this remedy as soon as the croupy cough appears and it will prevent the attack. It never fails and is pleasant and safe to take.

IN SOUTHERN SEAS.

Jas. Thornton Successfully Admitted to Neptune's Realm.

Through the courtesy of Mrs. Wm. Lee we are enabled to examine some views of West Indian and South American ports, collected by James C. Thornton, who is on the U. S. war vessel Newark, stationed on those coasts, which were very interesting. Among them we find some views representing the ceremonies when a vessel crosses the equatorial line, when Neptune and sundry other denizens of the deep are supposed to come on board and initiate all those who have not previously crossed the "line," into the Order of the Deep. The candidate is put through some thrilling experiences, and of late Mr. Neptune has been handing out certificates to newly admitted members. The one given Mr. Thornton after the ordeal reads as follows:

"Domain of Neptuneus Rex."

Greeting to All Sailors Around the World.

"Be it remembered, That on this 23rd day of January in the year nineteen hundred and three, there has appeared within the limits of our Royal Domain, the United States Flagship Newark, bound southward to Montevideo, Uruguay."

"And be it therefore understood: That the said vessel and the officers and crew thereof have entered our Kingdom and have been inspected and passed upon by myself, as also by the officers of my Royal Staff, and be it known by all ye sailors, soldiers, landlubbers, park statues, boxcar tourists, haymakers, politicians and others who may be honor-

ed with his presence, that J. C. Thornton has been gathered to our fold and from now and forever shall enjoy our Royal Protection.

And be it further remembered, that I do hereby enjoin all sea-going men to bear in mind that the said ship has been recognized and that J. C. Thornton has been duly initiated into the many mysterious degrees of the Order of the Deep.

"And moreover be it understood: That by virtue of the power invested in me by all living things of the sea, I do hereby command my subjects such as mermaids, sea serpents, dolphins, pollywogs, skates, eels, whales and others to abstain from eating, playing with, or otherwise maltreating his person should he be unfortunate enough to lose his head and fall overboard. Disobey this order under penalty of my Royal displeasure."

"Given under my hand and the seal of the Ruler of the Deep, on the 23rd day of January, Nineteen Hundred and Three."

"NEPTUNE REX,

"DAVEY JONES,
Secretary to his Majesty."

First Up.

Congress assembled last week and friend Gallinger, of New Hampshire, was the first of the Senators to secure recognition for the introduction of bills, and the first bill introduced by him provided for the erection of a statue to Gen. John Stark.

For a Bad Cold.

If you have a bad cold you need a good reliable medicine like Chamberlain's Cough Remedy to loosen and relieve it, and to allay the irritation and inflammation of the throat and lungs.

To Hold Early Convention.

The democratic judicial committee of the 6th judicial circuit has been called to meet in Chattanooga Nov. 21st for the purpose of fixing a date to hold a convention to nominate a candidate for criminal judge. The present incumbent is S. D. McReynolds, who holds the office by virtue of appointment by Gov. Frazier. The act of 1903 also provides that the appointee should hold the position till the next general county election which occurs on first Monday in August next. The regular term of office holds for six years.

The 6th judicial circuit comprises the counties of Hamilton, Franklin, Sequatchie and Marion. J. C. Lambert, of Jasper, and J. A. Lamb, of Dunlap, represent their counties respectively on the committee.

Big Corn.

Reports from the company's corn fields are that Chas. Byrd in loading corn frequently has been forced to call on the boss, Will Lee, and Mr. Haynes to help him load some of the ears into the wagon, so mammoth are they in size. It is also reported that these ears when loaded on the wagon reached from one side board to the other, and was with difficulty kept from rolling off. Now this may be only a yarn but we leave the intelligent reader to judge for himself, or ask those concerned in the transaction.

To Clean Up Graveyard.

The condition of the Owen Cemetery is deplorable and to remedy it at the request of several, Mr. Azariah Burnett has agreed to take hold and properly clean it up, and those parties who are so situated as not to assist in the work, but are willing to pay should communicate with Mr. Burnett.

A telephone exchange is soon to be established at Chapel Hill.

STANLEY.

Special to the News.

Visiting is in order again. John Lusk and family were visiting at T. H. Richie's Sunday.

R. F. Richie, P. M. of Kelly's Ferry, was visiting his mother here Sunday of last week.

Mrs. Della Lusk spent Saturday with Mrs. Nancy Richie.

Our postmaster and wife and son, Alvin, visited relatives at Daisy in Hamilton county last week.

Mrs. Eliza Rose is second assistant P. M. at Stanley now.

John Lusk was a Chattanooga visitor Saturday.

Rev. J. J. Coffelt, of Hamilton Co., will preach at the Francis school house the 2nd Sunday in December. Everybody invited. Mr. Coffelt is an able minister and will give no offence to any one. We are expecting Mr. Henry Morgan of Albion View to assist Mr. Coffelt.

John Lusk and T. H. Richie went to A. K. Ketter's mill Wednesday to get some of the staff of life.

Tom Richie is gathering corn in a hoodoo wagon.

What has become of Dofetchit? We suppose he has been blown up in his love powder magazine or he might have come in contact with Bill Dooley's old saw that ate the dynamite. Bro. Cold Wave has come up missing, too. I saw a flock of wild geese flying south last week. I suppose he went with them.

CONSTIPATION.

Health is absolutely impossible, if constipation be present. Many serious cases of liver and kidney complaint have sprung from neglected constipation. There is a cure for it. Herbine will speedily remedy matters. C. A. Lindsay, P. M., Bronson, Fla., writes Feb. 12, 1902: "Having tried Herbine, I find it a fine medicine for constipation." 50c bottle.

Sore Eyes Epidemic.

Quite a number of cases of sore eyes, resembling the old fashioned "pink eye," are prevalent in town, and seems to be epidemic. Several of the scholars at the public school were forced to stay at home for a day or two on account of the disease, which is quite painful, affecting both eyes.
